Different Choices

Quickson PERFECT

Choose True Perfection

When you choose Quickson PERFECT then you choose versatility and reliability. This duct-fresh ink is formulated to meet the requirements of today's high speed multi-colour presses with excellent press stability, for balanced printing and 4+4 perfecting control. And the high gloss, exceptional "work & turn" properties and fast setting and drying to allow immediate post-printing processing are characteristics you have come to expect from Van Son. Perfection is never easy to reach, but Quickson PERFECT ensures that the ink will never be the most challenging part of the job. Formulated to deliver shorter make-ready times and trouble-free press runs it offers the perfect solution for printers looking to reduce their operational downtime and increased productivity. For true perfection, choose Quickson PERFECT. For colours so real you can almost taste them choose Quickson inks, made by Van Son, and used by professionals... the choice is yours.

Quickson PERFECT

Universal duct fresh offset ink

- excellent work and turn properties and stays open in the ink duct overnight
- suitable for all sheetfed offset presses and in particular for perfecting (4+4)
- vegetable based low VOC ink
- works well in combination with infra-red drying units, offering an even faster setting and drying
- suitable for a wide range of finishing applications, like UV varnish, aqueous coating, foil or lamination
- full range of Quickson PERFECT compatible Quickson Series PANTONE Basic Colours available from stock
