Different Appetites
Different Choices

Quickson PRO

Choose Classic Beauty

When you choose Quickson PRO then you choose high quality and convenience. A truly classic ink with characteristics you have come to know and expect from Van Son: intense, consistent colour, brilliant gloss, fast setting and sharp dot retention throughout the press run. Formulated to meet the needs of today's commercial printers with excellent "work & turn" properties, duct fresh and fast setting and drying to allow immediate post-printing processing.

Perfection is never easy to reach, but Quickson PRO ensures that the ink will never be the most challenging part of the job. It delivers such true, dense colour that the printed image just may outshine the original. For true classic beauty, choose Quickson PRO.

For colours so real you can almost taste them choose Quickson inks, made by Van Son, and used by professionals... the choice is yours.

Quickson PRO

Universal duct fresh offset ink

- excellent work and turn properties and stays open in the ink duct overnight
- suitable for all sheetfed offset presses and in particular for perfecting (4+4)
- vegetable based low VOC ink
- works well in combination with infra-red drying units, offering an even faster setting and drying
- suitable for a wide range of finishing applications, like UV varnish, aqueous coating, foil or lamination
- full range of Quickson PRO compatible Quickson Series PANTONE Basic Colours available from stock
